

Your **2025** **END OF THE YEAR** **CELEBRATION** Kit is here!

All Your 2025 Highlights in One Place

Your 2025 Celebration Kit displays all the ways you adapted, grew, and won this year. Just drop in your numbers, share it with your team, and be proud of what you're building together!

This is the perfect way to show your team members how their work matters. They already know when they're winning, but when you actually show them real numbers? That's when momentum builds and turnover drops.

It helps people remember why they chose dentistry in the first place. (And has a customizable award section. "Champion of the Thermostat Wars" has a nice ring to it.)

Best of all, you don't have to go digging in your PMS to find all these numbers. Dental Intelligence Scorecards will serve up all the stats you need! Just find your metric and click.

Not using Dental Intelligence yet? No sweat. We'll give you every number you'll need (and more) at a glance with a free, no-obligation Practice Snapshot.

"The impact on our team unity and culture has been amazing. Being able to see our key numbers in one place and having a system that empowered us to act on those numbers has changed our practice."

— Dr. Cameron, Carolinas Dentist
